* 1 Item = 1 Tape, 1 Film Reel, or 1 Set of 25 Pictures PAL to NTSC Conversion Can't we all just get along? You know those arguments where it feels like neither of you are speaking the same language? Three slammed doors, one stubbed toe and a flying vase later, you realize you wanted essentially the same thing when your neighbor finally says it through the wall? Putting a PAL tape in your American VCR or DVD player can produce the same teeth-grinding hair-pulling frustration.. The tape LOOKED normal! The DVD was the same size as always! Why didn't it work? What does it take for Tom Cruise to slide across my TV screen in his underwear? GAH! It turns out your tape and your player both work fine.
